

Use of SUPRAX[®] borosilicate glass in contact with food

Declaration Of Conformity for SUPRAX[®] borosilicate glass in contact with food.

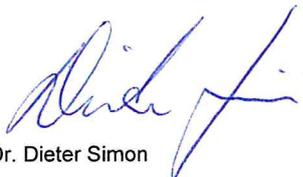

The manufacture of SUPRAX[®] borosilicate glass is subject to strict and regular monitoring of all batch components and the composition of the molten borosilicate glass. The associated manufacturing and control steps are regulated in writing by work instructions. Internal and external reviews of these regulations are carried out at specified intervals. This is in line with good manufacturing practice and thus complies with Regulation (EC) No. 2023/2006.

We hereby declare that our SUPRAX[®] borosilicate glass meets the following requirements respectively complies with the applicable regulations:

- DIN 51032:2017-07
- Regulation (EC) No. 1935/2004
- FDA CPG 7117.06
- FDA CPG 7117.07

The lead, cadmium, and cobalt release is below the legal requirements in each case.
